## John's Legacy

Cheryl Weaver, John's niece who served as executor of his estate: "My Uncle John valued education, and he worked very hard to pay his way through college. The education he received helped pave the way for him to enjoy the many things he was lucky to do in life. He wanted to make sure others had the same opportunity. Because of this, he asked me, his niece, to create two scholarship funds for the youth in the Elkhart County area. It is a great honor to personally be involved in my Uncle John's legacy."
